

DIAMOND PAINTS MFG.CO.LTD
67 WALTHAM PARK ROAD
KINGSTON 11

TECHNICAL DATA

Product: Diamond Tennis Court Paint

Product Description: - 100% acrylic water based long life, exterior matte sheen, none-skid coating for cement and asphalt tennis courts.

Application Areas:

- ✓ Interior and exterior use
- ✓ Dry (15% moisture maximum) concrete or cement tennis courts
- ✓ Settled well, dried (1-2 weeks) freshly laid asphalt tennis court/substrates.

Product Features:

- ✓ Diamond Tennis Court Paint is highly durable water and UV resistant for the harsh Caribbean climate.
- ✓ Highly washable and abrasion resistant.
- ✓ Excellent adhesion.
- ✓ Low odour
- ✓ Two coats of Diamond Tennis Court Paint must be applied for proper durability.
- ✓ If required the painted surface can be cleaned with a high pressure cleaner using normal household detergents.
- ✓ Diamond Tennis Court Paint has a matte non-skid surface.

Product Data:

Resin Base:	100% acrylic emulsion
Drying Time:	Touch dry: ± 30 minutes Hard dry ± 2 hours
Solid material by content:	By volume ± 40% By mass: ± 58 microns
Film Thickness:	± 40 microns

Spread Rate: 6-10 M² per litre although the spread rate will vary with porosity and type of substrate, for uncoated new surfaces calculate at 4-8M² per litre for the first coat and 8-10M² per litre for subsequent coats and when applied to sealed previously painted surfaces.

Surface Appearance: Matte

Application Details:

Mixing: Always stir well before use

Application method: Brush or roller

Thinning: Diamond Tennis Court Paint is ready for use un-thinned, thinning with water will reduce its hiding power.

Cleaning: Water

Application:

- ✚ Stir well before use.
- ✚ The concrete must be completely dry before paint application.
- ✚ Asphalt based tennis court should rest some time before paint application.
 - This allows solvent in the asphalt to evaporate.
 - Do not apply on hot surface
 - Two coats of paints are required for best results
 - Allow 2 hours for first coat to dry before applying second coat
 - Do not allow water to remain on court for extended time after heavy rainfall.

Available colours: Green and Terra Cotta only (tinted colour upon request)

Packaging: 3.785 and 18.93 litre, plastic container

Precautions:

- Diamond Tennis Court Paint is non-flammable, it contains non-toxic substances and very low levels of VOC
- Do not allow rain water to sit on the painted court for long periods after heavy rain.
